Our Ticket.

We this week unfurl our banner with the names of our nominees inscribed thereon, who will proudly bear it to certain victory. The first name on the list is that of John M. Kelly, for the Assembly. Mr. Kelly served the people of this county as Assemblyman at the last session of the Legislature, to the entire satisfaction of his constituents. He is a man of sound practical judgment, well acquainted with the wants of the people, and possessed of unflinching zeal in what ever he undertakes. At Sacramento last session he was always present to answer to his name, and lobbyists soon found out that he was unapproachable. Whether this was owing to his native honesty, or to the fact that he has so managed his private affairs as to place himself far above the reach of circumstances, with extra dollars in his purse, we leave the public to judge. The nomination of Mr. Kelly is a judicious one because of this fact, if no other, that it requires the experience of one session to make an efficient legislator. James P. Bullock, of Grand Island, the nominee for Sheriff, needs no other recommendation than the mere recital of his past services as a county officer. For the past six years he has been assessor of District No. 2, and Deputy Sheriff. The district is strongly Republican, but his qualities as an efficient officer and a good man, disarmed political opponents of their hostility. For County Clerk E. Bynum was re-nominated. Eulogy upon such a man would be entirely superfluous. In addition to being an efficient officer, he is rigidly moral, and attends to his own business only. For County Treasurer, A. C. Kean, of Knight's Landing, a substantial merchant of that place, possesses the entire confidence of all who know him as an upright and reliable man. J. C. Ball, the present incumbent, has proved himself a good District Attorney and a good citizen. He is affable and gentlemanly in his deportment, and stands well at the bar. For County Surveyor, our enthusiastic friend, J. I. Underhill, his peculiar claims on his party. He is a whole-souled, thorough-going man. The same may be said of J. J. Ammons, the nominee for Assessor. For Public Administrator, choice was made of a true gentleman and just man, Giles E. Sill, of Woodland. For Superintendent of Public Instruction, R. R. Daby, of Cacheville, is one of God's own men, and competent withal. For Coroner, the people have an opportunity of voting for James T. Lillard. He has vitality enough in him to rekindle the taper in all the men who may die in Yolo county for the next forty years. He is a glorious fellow. Such are the standard-bearers of the Democracy in this campaign, and if there is a voter in the party inimical to any of them, he must be hard to please, indeed.

THE CONVENTION.—On Wednesday last the delegates elected at the primary election on the Saturday previous, assembled in convention at the Court House and nominated a full county ticket. The proceedings will be found in another column. Never before was the work of a nominating convention conducted with more perfect harmony. Not a murmur of dissatisfaction was expressed by any one. Every candidate, with the exception of one, was nominated by acclamation. A more judicious selection of candidates could not have been named. There is not a man on the ticket who will not poll the full vote of his party. All honor to the various candidates who withdrew their names and declined contesting for the nomination. They can say with truth that it required gentlemen to beat them, and that they were beaten by gentlemen.

MARKET REPORT.—Wheat, new, in San Francisco, sold on yesterday, 25th, at \$1.60, an advance upon the opening price for the season of 12 cents per hundred pounds. A still further advance is anticipated, based upon a rise in the Liverpool market of 12 cents since the 25th instant, and the report that Russia will, the present year, be a buyer instead of seller. Barley, new, 95c@1.00, and \$1.01@1.15.

TOWNSHIP NOMINATIONS.—D. C. Hubbard, of Woodland, and A. J. Hall, of Cacheville, were nominated for Justices of the Peace in Cache Creek Township. Mr. Hubbard after withdrawing his name and proposed that of Elias Peterson, which was accepted by the delegation. J. W. Scales, of Woodland, and Robert Hines, of Cacheville, were nominated for Constables.

CENTRAL COMMITTEE.—The Democratic County Central Committee, at its first meeting organized by the election of H. C. Yerby, Chairman, and J. B. Cook, Secretary.

An Editor Lies.

Powers, of the Solano Herald, is wholly truthless and shameless. He says he challenged him to a discussion of the fundamental principles upon which our government is based. There is no foundation for the assertion. In an article upon the subject of "Taxation," we showed to our readers that under the pretence of raising revenue for the support of government, they were taxed more heavily than the people of any country under the sun, and that the money thus taken from them, was applied to building up stupendous fortunes for one particular class of individuals in the Eastern States. There was not one word of reference in the article to anything that had ever appeared in the Herald. Powers attempted a reply to it by admitting that taxation was oppressive, but said it was caused by the necessity which existed of compelling Democrats to obey the laws which they themselves enacted, and that every dollar should be taken from the coffers of Democrats, who inaugurated the war, and who sympathized with the "rebellion." We replied to this by quoting facts from the record, showing that the Republican party occasioned the war by refusing to execute their constitutional obligations, and by Northern Legislatures nullifying a positive law of Congress, passed to carry out a provision of the Constitution. We showed that the framers of the Constitution, and all the commentators upon that instrument had declared that whenever it was disregarded by any of the parties to it, its binding obligations were destroyed altogether. This much we proved conclusively, and defied any one to gainsay it. The onus having thus been devolved on Powers, he slunk away from the controversy he had provoked, and tacitly acknowledged that he was overcome—that he was wrong and we were right,—by declining to enter into controversy with us! It would be impossible for an editor to place himself in a more humiliating position than Powers has. He unceremoniously entered the ring, in fighting trim, without being invited, and we unceremoniously seized and threw him sprawling outside of it. By the inexorable logic of history, as it stands written upon the records at Washington, we convicted the Republican party of having produced the war by nullifying the laws of Congress, thus making them responsible for the distressing taxation imposed upon the people. Does not every one know that if Powers and editors of his ilk could have shown our statements to have been false, that they, with alacrity, would have done so? Truth alone—august Truth—holds them in trembling silence, convicted traitors and criminals.

The degraded brute whose name stands at the head of the Republican mop-rag at this place, seeing the ridiculous position in which his Brother Powers is placed, essays a reply which he dates from Cacheville, attempting to ridicule the idea that the violation of the compact by any of the parties to it absolves all the other parties, and destroys its binding obligations. Not that we deem any thing the degraded brute of the mop-rag of any consequence whatever, but as the subject itself is of supreme importance, we give below the high authority of James Madison and Daniel Webster for the position we have taken on this subject:

"A compact between independent sovereigns, founded on acts of legislative authority, can pretend to no higher validity than a league or treaty between the parties. It is an established doctrine on the subject of treaties that all the articles are mutually conditions of each other, that a breach of any one article is a breach of the whole treaty; and that a breach committed by either of the parties absolves the others, and authorizes them, if they please, to pronounce the contract violated and void."

Mr. Webster, in a speech made at Capon Springs, Virginia, about the time that the Northern Legislatures nullified the Fugitive Slave Law of Congress, said:

"I have not hesitated to say, and I repeat, that if the Northern States refuse, willfully and deliberately to carry into effect that part of the Constitution which respects the restoration of fugitive slaves, and Congress provide no remedy, the South would no longer be bound to observe the Compact. A bargain cannot be broken on one side and still bind the other side. I say to you, gentlemen of Virginia, as I said on the shores of Lake Erie, in the city of Boston, as I may say again, in that city or elsewhere in the North, that you of the South have as much right to receive your fugitive slaves, as the North has to any of its rights and privileges of commerce and navigation."

In the very face of this interpretation of the Constitution by its reputed "Father," and its great expounder of the North, the Northern States deliberately broke their side of the compact, leaving the Southern States freed from any obligation to regard it longer. Now who was most likely to be right in their judgment of the Constitution, this ignorant fanatic editor Powers, or Madison and Webster, one of whom assisted to make it? Can any term be too harsh to apply to men who still justify the great wrong committed?—who refused to compromise on the Crittenden plan, and plunged the country into a bloody war? Who now are responsible for the oppressive taxation under which the people reel and stagger? The terms traitors, perjurers and murderers are of too mild a type to apply to such men. And yet Powers would have every dollar of taxes taken from the coffers of Democrats, who strove to prevent the war! Well, we have impaled the guilty wretch, and exhibit him to the execration of mankind.

SUPERVISOR.—George H. Swingle, the present incumbent, is the Democratic nominee for Supervisor of the Second District. Mr. Swingle's official record is a sufficient recommendation for the support of all men. His election is certain, and the county will be fortunate in retaining an honest and faithful officer.

Democratic County Convention.

The Democratic County Convention for the nomination of county officers met at the Court House on Wednesday last. There was a full attendance of delegates and a large number of others showing deep interest in the result of the convention's deliberations. The convention was called to order at two P. M., by Judge Gwin, chairman of the county committee. For temporary officers W. A. Henry, was elected President and John Pendegast, Secretary.

W. A. Henry was elected permanent Chairman of the Convention. The President returned thanks to the Convention, and briefly addressed the delegates upon the issues at stake, and the importance of the election as affecting the rights of American citizens. He referred to the proposed Fifteenth Amendment to the Constitution, in terms of condemnation, and remarked with pride upon the unanimity with which the Democratic party opposed its odious provisions. His remarks were received with much applause. William Montgomery, of Putah, was elected Vice President, and John Pendegast and John L. Pace, Secretaries.

NOMINATIONS.

Being now in order, John M. Kelly was by acclamation nominated for member of Assembly. Mr. Kelly being called upon responded in a few well considered remarks. He was opposed to the Fifteenth Amendment, and pledged untiring efforts to secure the election of the whole ticket.

An assessment upon each delegate of five dollars, was voted to defray expenses.

For Sheriff, Judge O'Neal placed in nomination the name of James A. Douglas. Mr. Douglas withdrew his name, and expressed a wish that Mr. James P. Bullock might be nominated by acclamation. Mr. Bullock having no opponent was declared the unanimous choice of the Convention.

For Clerk, E. Bynum received the unanimous vote of the Convention.

For Treasurer, J. W. Snowball nominated Andrew C. Kean, of Knight's Landing, and a delegate, placed in nomination E. H. Baker, of Woodland. The Convention proceeded to ballot, and Kean received thirty votes, Baker 24. Mr. Kean was declared the nominee of the Convention.

The Convention, by vote, rejected the Crawford County Plan of nominations.

The committee appointed to draft resolutions reported the following:

Believing that all political parties should define distinctly the positions, we the undersigned, in the Democracy of Yolo county, unhesitatingly declare—

That we believe that "the powers not delegated to the United States Government by the Constitution, nor prohibited by it to the States, are reserved to the States respectively or to the people."

Resolved, That to the several States belong exclusively the right of fixing the qualifications of voters, and that the act commonly known as the Fifteenth Amendment, in conflict with the spirit of our government, and also with the civilization of the age, and the Democratic party call upon all persons of Anglo-Saxon or Caucasian race, to place their condemnation upon it.

Resolved, That we are in favor of an economical administration of the government, a reduction of taxation, and the appointing of responsible and trustworthy men to office.

Resolved, That the Democracy of Yolo county adhere to the principles of Jefferson and his fathers, and ignoring all local issues, recognize those only involving the vital interests of the whole country as of paramount importance.

THE BLACK "MAIL" RE.—Common decency and self-respect forbid any notice of the foul-mouthed monster, Hammond, other than that which he says of the editor of this paper is wholly false, coarse inventions of a diseased brain, and the promptings of a monstrously wicked heart. The public care not to be annoyed weekly with the ribaldry of editors, and we promise them they shall have no cause of complaint against us hereafter. We strove, as every one knows, to avoid collision with the degraded brute Hammond, but he has no capacity for anything else but personal abuse. Editors should always settle their personal differences privately, but Hammond affords no one an opportunity to do this. He skulks from his residence to his office and back on the most unfrequented street, and long before our advent to the place has not dared to go to public places through fear of our citizens, whose characters he has asspersed. We desire no such opportunity. The best way to punish such degraded wretches is to let them live. Every hour of their existence must be fraught with torture. Ever since he came to Woodland, although a stranger to its people, he has endeavored to provoke retaliation from responsible parties, so that he could institute suit for libel, and now he alleges before the District Court that we have injured his character to the amount of \$100,000! A jury that would award damages to such a characterless brute would feast on corruption and call it wholesome. The charge on which he now brings suit we made years ago in the Amador Dispatch, in the county where the killing took place, and the best citizens of the town gave it as their opinion that Hammond was guilty of an act of cold-blooded assassination. His character, like a parched raw-hide, has sustained this charge until now, when he has provoked the opportunity of levying a contribution upon the proprietors of the Democrat, who are all responsible men, and who neither wrote or connesed the writing of the article charged as libelous. The pre-fix black to the title of Hammond's paper would express its true character to a dot. Every issue of this Republican morning has been a libel upon some one of our citizens, but Hammond fears no consequences, not being responsible for a 25 cent pair of socks. He concocted a lie, that his father was in receipt of an annuity from the States, to palliate his unnatural conduct in thrusting the old man from his door. The lie has been made apparent by the old man becoming a charge upon the people of this county, and at the present writing is reported as an inmate of the asylum for paupers in San Francisco. And yet the unnatural son, in the face of these facts, can offer a reward of \$500! Charles Y. Hammond is an immoral monster—a disgusting lump of human deformity, and by his own wickedness has placed himself beyond the pale of society. We now wash our hands of him for all time to come, and leave him, an unworthy champion of any cause, save that of his supreme master, the Devil.

Payments to begin July, 1899, and to close November, 1870.

This Homestead addition to the City of Sacramento offers unrivaled inducements to all who desire to secure homes, as well as to those seeking to make investments in real estate. Shareholders who pay up in full may take possession of their lots under restrictions consistent with the interests of all Shareholders and an equitable distribution of the property. These restrictions are briefly: 1. Payment in full within six months from July 1st, 1899. 2. Not more than six lots in any one block shall be assigned; only two of which shall be corner lots, and on all corners there shall be a line of trees, and a side of a block. This feature will secure the immediate settlement and rapid improvement of the lands, and a consequent enhancement of its value. The line of the Sacramento Valley and Western Pacific Railroads run through the plat, and an agreement and bond has been executed by the former Company to run trains on scheduled times equal to the accommodations afforded by street railroads. Thus by reason of being conveniently accessible, these lands are brought within the range (in value) of those now centrally located, and will find early occupancy. In every feature of this scheme the Homestead principle—which has been so prolific of good to citizens of moderate means, pros and cons of the growth of our State and its cities and distributing the ownership of Realty among the many—has been carefully guarded. It may safely challenge comparison or competition. The plat, and showing its relation to the city, will be furnished upon application. Shares may be secured by forwarding the first installment of Ten Dollars to the Secretary, who will also furnish any desired information.

YOLO COUNTY DEMOCRAT.

County Official Paper.

TOWN AND COUNTY MATTERS.

FROM COTTONWOOD.—A correspondent writing from Cottonwood, under date of June 21st, says: "As the time for hauling off the little grain we have to spare, approaches, it is well for farmers to consider the best modes of transportation. Some from this vicinity hauled to Davisville last year and paid four dollars per ton for transportation from that point to San Francisco, whilst the charge was but two dollars and a half from Knight's Landing, and it costs just the same to haul from here to the Landing that it does to Davisville. But I see that the Railroad Company has reduced its charges twenty-five cents per ton from Davisville to Vallejo, leaving it now \$2.75 per ton. The charge being the same per ton from the latter place to San Francisco—making it \$3.75 from Davisville to the Bay. Probably it will be \$4. from Woodland, which is \$1.50 more than from Knight's Landing or Elkhorn. Now it really costs only about fifty cents per ton to haul from Woodland to the river (eight miles) and the Railroad Company's charges are at least one dollar per ton too much. As crops are expected to be heavy this year, it is well to consider this subject before disposing of any grain. Many are of the opinion that it makes no difference because buyers at the various points pay much anyhow; but this is quite an erroneous idea, as the buyer must pay the freight, and that is five cents longer he will pay five cents more to the farmer."

New Map.—Gustavus Cox has exhibited to us a new map of California and Nevada, which for convenience and utility exceeds anything of the kind we have yet seen. All geographical divisions, both natural and artificial, are noted upon this map, as well as the several land districts and county lines, with boundaries of the latter corrected up to date, together with township lines, showing these subdivided into sections, all accurately laid down. Another marked feature of this map is that all important trails and wagon roads built and projected, are distinctly traced. All mountains, peaks, hills, Reservations, military posts, mineral springs, alkali flats, salt beds, etc., are distinctly pointed out. This map is neatly executed, and its correctness has been vouched for by many State and U. S. officers. Mr. Cox can be seen at Hunter's Hotel, Main street. Every man should have one. It is almost an indispensable to every individual.

NEW STEAM THRESHING.—It seems that Byron Jackson, of this place, is determined to keep up with the times. He has recently procured a fine threshing-machine which is not only well fitted for running a separator, but also furnishes the propelling force to move itself from place to place. It is furnished with a steering apparatus similar to that of a header and can be moved about without having horses attached to it, but for convenience it is intended to couple it behind the separator and in front of a wagon or two, then having a span of horses in front of the train to steer it, the engine is expected to furnish the motive power. Mr. Jackson is quite sanguine of success.

HOMESTEADS.—We would call attention to the advertisement of the Sacramento City Extension Homestead. The land adjoining the City of Sacramento on the east. It is accessible by the cars of the Sacramento Valley Railroad, now running through it, and by these cars it is to be placed within three minutes ride of the center of business of that city. The price of the lots is placed at \$250 and the terms of payment made easy. The title is certified to be perfect. Should Sacramento continue to increase in population as it has for the past year, the investment in these shares will not only be safe, but profitable.

FAILURE OF THE PEACH CROP.—We are sorry to learn that the celebrated Washington orchard, on Cache Creek, will not realize more than half a crop of peaches this season. Of all other kinds of fruit it will produce an average crop. We learn from Mr. Flanders, who owns a large orchard on the river below Elkhorn Landing, that the peach crop in that locality is a total failure. That delicious fruit will be likely to rate high in market this season.

JUST LIKE HIM.—We dropped in at Frost's office yesterday, and noticing a huge pile of greenbacks, naturally inquired what was up. He informed us that the Internal Revenue tax must be paid next Tuesday and Wednesday, and he was preparing to supply his patrons with the necessary currency. Make a note of this much, and you will do well.

EVERYBODY'S ATTENTION!—Mrs. Catherine Clarke has lost the pattern of a silk dress. See her advertisement, and return the pattern if you find it. An uneasy conscience through life will be the result of not doing so. All connected with the Methodist Church will read the special notice of Rev. Curry.

IMPROVEMENTS.—Messrs. Ruggles, Craft and Prior are putting up a large brick building on the north side of Main street, adjoining the old post-office building. S. Davidson is also putting up a building on the corner of Main and Second streets, designed for a larger beer saloon and bowling alley.

RECOVERING.—The young man Halsey, who was shot by Powell, was informed by Dr. Strong, will recover. The shoulder from which the arm was amputated, is healing, and the young man is able to walk about the room.

THE CARS ARE COMING!—The California Pacific Railroad is completed within half a mile of this place, and the cars will make an irruption into our town on Wednesday next. Prepare ye all for a ride, O, Woodlanders!

Tribute of Respect.—At a regular meeting of Woodland Lodge No. 237 I. O. G. T., the following resolutions were unanimously adopted:
To the Officers and Members of Woodland Lodge No. 237, I. O. G. T.
The undersigned having been appointed a committee to draft resolutions expressive of the feelings of this Lodge at the death of Sister ELIZA E. DEXTER, offer the following:
Resolved, That in the demise of our late Sister, Mrs. Eliza E. Dexter, Woodland Lodge has sustained an irreparable loss. The virtues of our deceased Sister were of no ordinary kind; they were of an active character, and commanded the admiration of all who had the honor of her acquaintance.
Resolved, That while we mourn in a becoming manner our sad bereavement, we cannot but rejoice in the consciousness that she has only exchanged her earthly for celestial glory, and now maintains watch and ward, ready to welcome her grief-stricken Brothers and Sisters, from whom she has been so rudely snatched, upon the first "alarm" at the outer gate.
Resolved, That we tender our condolence to the husband and children of our deceased Sister, reminding them that their loved companion remains only that their loved companion remains only, and that a re-union, never to be broken, awaits them, on the conditions of their cultivating her pre-eminent virtues.
E. GRINDVOS,
P. H. WELLS,
H. J. FLOMTRAU,
Committee.

On motion, the above resolutions were ordered upon record, and a copy (under the seal of the Lodge) sent to the husband of deceased; also that the YOLO COUNTY DEMOCRAT, Yolo Mail and Weekly Review be requested to publish the same.
Attest: H. W. FISKE, W. S.

SPECIAL NOTICES.

ON SEA AND LAND THE GREAT RESTORATIVE.

As a remedy for the sea-sickness which besets the voyager on his way to and from California, and for the disorders which assail the unaccustomed emigrant in the unhealthy districts of the interior, Hostetter's Stomach Bitters will be found equally efficacious. On no part of the continent has the value of this pure vegetable elixir, as a specific for epidemic diseases, been so clearly demonstrated, as in the new States and Territories lying contiguous to the Pacific Ocean. As a means of preventing the dysentery and diarrhoeal complaints which are engendered by poison in the air, or by the use of water containing a mineral or vegetable taint inimical to health, it is confessedly superior to any other tonic and alternative in the world. It acts as a preventive agent by the strengthening and exhilarating the whole physical organization, and producing a regular habit of body. All that the human system requires to enable it to resist the deleterious effects of this deleterious tonic and corrective of the liver, regulates the bowels, braces the nerves, supersedes sound and wholesome sleep, invigorates without exciting the pulse, and imparts buoyancy to the animal spirits. The body and mind toned and cheered by its use, the system is in a condition to repel all exterior influences which tend to produce disease. Flux, dysentery, bilious remittents, chills, and fever, rheumatism, etc., are almost always caused by atmospheric poison acting upon an unfortified system. Braces the system, clears the spirits, with this whole some medicinal stimulant, and then neither the malaria generated by the fith of crowded cities, nor the exhalation of new soil, nor the rapid water of a spring region, will be likely to produce any serious consequences.

A SURE TRUTH QUANTITATELY EXPRESSED.—The Far West is, *par excellence*, the land of the gold-seekers, and there often a good deal of solid truth as well as humor in Western repartee. A Virginia City correspondent of an Indiana paper mentions a rather neat hit made by one of the funny fellows of that remote region the other day. A young lawyer who had been employed to condemn and put into a better shape the somewhat loose local enactments, complained to the humorist, who was a friend of his, that he found great difficulty in making the "Y" in "Yell" digest. "T'll tell you what you do," said the other—"if you want to make a perfect digest of them 'ar laws, you jest put yourself through a course of FLEISCHMAN'S BITTERS, for I wish I may never strike silver or you ken help digestin' anything arter that." This, making due allowance for the Western hyperbole, was about tantamount to saying that the Bitters are the most potent tonic and stomachic in the world—a truth as self-evident as that all men are born equal.

POISON SUPPLANTED.—The deadly "fire-water," which for so many years was sold to the gold-seekers of California, is, to use the vernacular of the mines, "about played out." The diggers and quartz crushers decline, as a rule, to use it. They find, however, that a tonic is required to enable them to withstand the unhealthy atmosphere of the placers, and to bear up against the privations and hardships to which they are subjected. After having tried a variety of medicated stimulants with a view of holding fast to the best, they seem to have settled down in the opinion that Dr. Keen's Plantation Bitters have no equal as a strengthening preparation and as an antidote to the malaria that produces intermittent and remittent fever.

PAIN KILLER.—We beg leave to call the attention of the public to this long celebrated and unrivaled Family Medicine, The Pain Killer. For summer complaints, or any other form of acute medicine even in the most unskillful hands. For a more complete and any other form of acute medicine even in the most unskillful hands. For a more complete and any other form of acute medicine even in the most unskillful hands.

TO HEADS OF FAMILIES.—Are your little ones subject to croup? If so, don't fail to use NAWEL'S PULMONARY SYRUP. A few doses given in time of a severe cold, or a hacking cough, will not fail to lay it on hand, if you would be safe and free from anxiety.

"IN TIME OF PEACE PREPARE FOR WAR."—So get a bottle of Dr. E. COOPER'S UNIVERSAL MAGNETIC BALM, an unequalled preparation for Dysentery, Diarrhoea and Cholera. The instantaneous relief for Burns, Bruises and Sprains.

DR. HUFELAND'S CELEBRATED SWISS STOMACH BITTERS! The first and most healthful Tonic ever introduced into the United States is still the leading article, and more of this sold than of all other so-called Tonics or Bitters.

For sale to the Trade by TAYLOR & BENDEL, sole agents, 409 and 411 Clay street, San Francisco. 130-17

More than 200,000 Persons Bear testimony to the wonderful curative effects of

Dr. Joseph Walker's CALIFORNIA VINEGAR BITTERS! Manufactured from the native Herbs and Roots of California.

The Great Blood Purifier! For inflammatory and chronic Rheumatism, Biliousness, Dropsy, or Indigestion, Remittent and Intermittent Fevers, diseases of the Blood, Liver, Kidneys and Bladder, these Bitters have been used successfully. Such diseases are caused by Vitiated Blood, which is generally produced by derangement of the digestive organs.

Cleanse the Vitiated Blood whenever you find its impurities bursting through the skin in Pimples, Eruptions, or sores; cleanse it when you find it obstructed and stagnated in the veins; cleanse it when it is foul, and your feelings will tell you when. Keep the blood healthy, and all will be well.

"The life of all flesh is in the blood thereof." Purify the Blood and the health of the whole system will follow. It is a Gentle Purgative as well as a Tonic.

These Bitters are not a mild Pile, to delight the eye or please the fancy, but a medical preparation, composed of the best vegetable ingredients known.

MATRIMONY.

A couple sat beside the fire,
Debate which should first retire.
The husband, sportively said—
"Wife, you shall go and warm the bed."
"I never will," she quick replied;
"I did go once, and nearly died."
"And I will not," replied the spouse,
"With arms and legs and lowering brows,
And thus a war of words arose,
Continuing till they nearly froze.
When both grew mute—and hovering nigher
Around the faintly glimmering fire,
They trembled o'er the dying embers,
As though the issue had seized their members.
Resolved, like heroes, ne'er to yield,
But force each other from the field.
And thus this once fond loving pair
In silence shook and shivered there,
Till every spark of fire was gone,
And coals were crowing for the dawn;
When all at once the husband said:
"Wife, hadn't we better go to bed?"

A CHILD instructed in a Sabbath school, on being asked by his teacher if he could mention a place where God was not, made the following beautiful reply—"Not in the thoughts of the wicked."

It was an apt answer of a young lady who, being asked where was her native place, replied: "I have none; I am a daughter of a Methodist minister."
